

## LED bulb PROLUMEN CITIZEN DL170L COB TRIAC 230V 13W 1200lm 36° IP20 930

Product code 14847

|                               |                          |
|-------------------------------|--------------------------|
| Correlated colour temperature | warm white 3000K         |
| Luminous flux                 | 1200lumens               |
| Luminaire's efficiency lm79   | 92lm/W                   |
| Warranty                      | 5 years                  |
| Source of light               | CITIZEN LED              |
| Brand                         | <a href="#">PROLUMEN</a> |
| Supply voltage                | 230V                     |
| Dimmable                      | DALI                     |
| Output                        | 13W                      |
| Lens angle                    | 36°                      |
| Cri                           | 90                       |
| Sdcm - macadam ellipses       | 6                        |
| Protection class              | IP20                     |
| Lifespan                      | 50000h                   |
| Lmf tm21                      | L70 @25°C 50.000h        |
| Height                        | 61.0mm                   |
| Diameter                      | 49.0mm                   |
| In box                        | 100pcs                   |
| Casing material               | aluminum                 |
| Work environment              | indoor use               |
| Certificates                  | CE, RoHS                 |
| Energy class                  |                          |
