

Ceiling light PROLUMEN DL129 white 230V 20W 2000lm 36° IP20 TRIAC 840

Product code 15891

An elegant square-shaped indoor ceiling light with dimmable functionality.

Suitable for hotels, residential spaces, offices, conference rooms, etc. This light fixture is often installed in stairwells, hallways, and reception areas.

The direction of light is adjustable: 350 degrees horizontally, 25 degrees vertically. Can be mounted on various surfaces (ceiling, wall).

With TRIAC technology, the LED light fixture can be easily adjusted for different lighting scenes, creating cozy light for intimate dinners or brighter light for working purposes.

This light fixture is suitable for indoor use only, IP20 protection rating.

Enhance the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!
