Product code 16285

The revolutionary PROLUMEN Firenze LED track light enhances every design element even more strikingly.

A LED luminaire with adjustable light beam is used, for example, to illuminate artworks in museums and galleries. However, the luminaire is also perfect for highlighting interior elements at home!

The luminaire has a dimmer button that allows you to adjust the light intensity from 1-100%.

In addition, the luminaire has cutting edges that allow you to adjust the light beams precisely to the size of the picture frame.

A higher-than-usual indicator, CRI92, ensures excellent color rendition and reflection of light.
