

Wall light Prolumen WL16 Up-Down black 230V 18W 900lm 90° IP20 TRIAC 930

Product code 16671

Modern LED wall light.

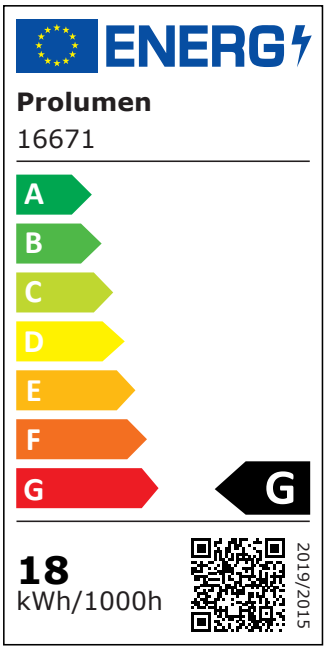

IP20 protection class allows the luminaire to be used only indoors. The 3000K light temperature adds warm white light to the room, making it suitable for various living spaces. It is especially ideal for corridor mood lighting!

The lighting is directional in two directions, and if desired, the light direction can also be changed (up and/or down). Additionally, thanks to TRIAC technology, the luminaire can be dimmed.

With proper use, the luminaire is energy-efficient, environmentally friendly, and has a very long lifespan (50,000 hours).
