

Inverter GROWATT SPA 10000TL3 BH-UP charger + wifi modul 10000W IP65

Product code 16851

Growatt SPA 10000TL3 is a high-quality solar energy inverter designed for solar power plants. It is a three-phase inverter capable of handling up to 10000 watts of solar energy and converting it into grid-compatible power.

The inverter utilizes high-quality electronic components and advanced technology to ensure high efficiency and reliability. Additionally, it comes with several features such as maximum power point tracking (MPPT), overheat protection, and a built-in data logger, allowing the owner of the solar power plant to monitor the device's operation and identify potential issues.

SPA 10000TL3 is easy to install and maintain and includes several safety features such as galvanic isolation and short-circuit protection, ensuring safety for both the device and its users.

In summary, SPA 10000TL3 is a high-quality solar energy inverter that is ideal for solar power plants, providing efficient and reliable energy conversion for the grid.

For more information, refer to the product specifications.

Warranty	10 years
Brand	GROWATT
Output voltage	400V
Output	10000W
Maximum output	10000W
Rated current	15.2A
Protection class	IP65
Length	453.0mm
Width	505.0mm
Height	198.0mm
Weight	30000g
Work environment	indoor / outdoor use
Operation temperature	-20...+60°C
Certificates	CE
