

The image displays four views of a metal bracket, labeled 1 through 4. The bracket is a dark, L-shaped component. View 1 (top) shows the bracket from above, highlighting its L-shape, a circular hole on the vertical leg, and a small rectangular tab on the horizontal leg. View 2 (front) shows the bracket from the front, showing the circular hole and the tab. View 3 (side) shows the bracket from the side, showing the circular hole and the tab. View 4 (bottom) shows the bracket from below, showing the circular hole and the tab.

## Energy class
