**LED downlight LLV10D2 white round 230V 10W 1280lm CRI80 120° IP44  
TRIAC 3000K, 4000K, 6000K WW/DW/CW**

Product code 17081

Adjustable LED downlight with variable color temperature.

The luminaire can be dimmed thanks to TRIAC technology, and it has a button to select the desired light temperature (warm white/daylight/cool white).

The surface-mounted part has an IP44 protection class, while the recessed part has an IP20 protection class.

This small luminaire is well-suited for various living spaces, such as the living room and kitchen. The luminaire can be installed recessed into the wall, ceiling, or even into a flat surface.

Improve the quality of light in your everyday life and choose a top-notch lighting solution from [the LED house product range](#)!

Correlated colour temperature 3CCT 3000K, 4000K, 6000K
