REVAL BULB

LED strip REVAL BULB Digital PRO 60LED 1m TM1809 12V 8W 300lm 120° IP20 RGB

Product code 17193

This RGB digital strip contains red, green, and blue LED diodes, enabling the illumination of spaces with different colors and creating various lighting effects.

The strip is cuttable after every LED. Thus, each LED is individually controllable. The digital strip can be controlled digitally using a controller. This allows for selecting different colors, adjusting light intensity, and creating dynamic lighting effects.

This IP20-rated LED strip is suitable for creating a cozy atmosphere in dry indoor spaces.

A popular choice in various lighting projects, including home and business environments, stages, performances, and other events.

RGB LED digital strips are flexible and can be easily cut and attached to different surfaces. The strip has a self-adhesive back, making installation particularly easy and convenient.

You can trust in our products because we sell hundreds of meters of LED strips every day! Send us an inquiry, and we'll make you an offer!
