

Ceiling lamp PROLUMEN SmartGlow Linear 1200 black 230V 36W 4000lm CRI90 100x50° IP20 DIMMABLE 3000-6500K WARM TO COLD

Product code 17730

Ergonomic office light with adjustable color temperature, featuring an aesthetic and compact design that fits into any modern office.

SmartGlow illuminates both the desk and the room - the light beam shines both downwards and upwards. The upward-directed light makes the room feel more spacious.

The luminaire has an exceptionally good UGR value, meaning the light beam is not uncomfortable for the eyes and glare is minimal.

If you want to make your space even more impressive, it is possible to order this luminaire in a connectable version, allowing the linear ceiling light to extend throughout the entire room.

In addition to its good looks, SmartGlow is easy to install and control thanks to its patented lockable plug. It can be mounted suspended, surface-mounted, or recessed. As a bonus, it features HCL intelligent control with Casambi, presence, and daylight sensors.

Contact our sales team, and we will plan a top-notch lighting solution for your spaces!
