

LED luminaire PROLUMEN Miina 1200 white 230V 40W 6400lm CRI80 120° IP65 3000K, 4000K, 5000K 3CCT

Product code 17753

PROLUMEN Miina linear light fixture with adjustable color temperature and power levels.

A high-quality linear fixture suitable for installation in parking garages, large closets, corridors, and warehouses. The opal glass provides a very wide beam angle, evenly covering a larger area.

The Miina fixture is designed for easy installation and maintenance. The color temperature and power are adjustable via a button on the fixture.

A motion sensor can also be added to the Miina fixture. Adding the sensor is easy thanks to the openable end cap, where the sensor wires can be connected. With the motion sensor, LED lights become even more energy-efficient and convenient, as the step of turning the light on and off with a switch is eliminated, and the fixture turns off automatically.

Trust your lighting project to the experienced team of LED House - let's bring your vision to life!
