

Dimmer SKYDANCE TR1, with one output channel white 230V 480W IP20 TRIAC

Product code 18139

The TR1 is a dimmer that allows smooth and precise lighting control. It is suitable for dimming and switching single-color LED lamps, traditional incandescent lamps, and halogen lamps.

TR1 offers both leading-edge and trailing-edge dimming, ensuring stable and flicker-free light. The minimum brightness is adjustable, allowing the light to be customized according to needs. The device is equipped with overheat protection, ensuring reliability and a longer lifespan. Thanks to its compact design, it fits various installation environments and provides a user-friendly solution for lighting control.

Warranty	5 years
Brand	SKYDANCE
Supply voltage	230V
Dimmable	TRIAC
Output	480W
Maximum output	480W
Protection class	IP20
Length	120.0mm
Width	78.0mm
Height	55.0mm
Weight	121 g
In package	1pc
Casing colour	white
Casing material	plastic
Work environment	indoor use
Operation temperature	-30 ~ +55°C
