

Warehouse light PROLUMEN Harrow 1500 white 230V 75W 12000lm 90° IP65 840

Product code 18292

Harrow - an innovative <u>industrial and warehouse luminaire</u> that meets a wide range of expectations, boasting an unusually long lifespan and high quality.

The Dreamboat luminaire meets various demands:

- 1. It can be installed either surface-mounted or suspended.
- 2. DALI dimming technology allows adjusting light intensity according to needs.
- 3. Power can be changed with a button press, making it possible to install the luminaire at different heights.

The luminaire has end caps at both ends, making wiring and maintenance exceptionally easy. Additionally, maintenance costs are lower than usual because individual components of the luminaire can be replaced separately, eliminating the need to replace the entire luminaire in case of a malfunction.
