

Aluminium profile TOPMET QUARTER10 BD/U6 2m

Product code 18416

Aluminum profile is an excellent way to create an aesthetic and practical lighting solution for areas that would otherwise remain in shadow.

Corner-mounted aluminum profile is ideal for accent lighting in the kitchen, in kitchen cabinets or above countertops, for illuminating shelves and drawers in wardrobes, for mood lighting in the living room instead of traditional moldings, for highlighting decorative items and books on shelves, for lighting stair treads in corridors, and many other different places.

In the LED House assortment, you will also find a suitable LED strip, cover, and all other necessary accessories for the aluminum profile!

Illuminate your world with LED House professionals - check out our project portfolio here!
