

## Recessed light PROLUMEN Baston white round 230V 8W 520Im 20 $^{\circ}$ IP20 TRIAC 930

Product code 19067

Minimalistic LED under-cabinet light, perfect for over kitchen countertops.

The luminaire is recessed. It can be installed, for example, into the wall, ceiling, or countertop, with minimal protrusion and as inconspicuous to the eye as possible.

Thanks to TRIAC technology, the luminaire can also be dimmed. The transmitted light temperature is 3000K (warm white), while maintaining CRI90, ensuring that areas and objects under the light beam are displayed with the most truthful and natural colours.

As the luminaire's protection class is determined as IP20, it can only be used indoors.

With proper use, the luminaire is energy-efficient, environmentally friendly, and has a very long lifespan (50,000 hours).
