Product code 19076

The LED KOLINE K2 connector allows you to link luminaires into various shapes, offering flexible and stylish lighting solutions for any space. Built-in LEDs and a frosted diffuser provide uniform and eye-friendly illumination. A durable aluminum housing and strong polycarbonate ensure long-lasting quality.

The light color can be adjusted to warm, neutral, or cool tones as needed. A wide beam angle provides good coverage, and the energy-efficient light source keeps costs low. For safety, LED replacement is permitted only by qualified personnel.
