

## Fan Trio Lighting Breezy yellow IP20

Product code 19498

The modern BREEZY table fan is a must-have on hot summer days! The three speed levels as well as the tiltable alignment option of the fan enable the targeted alignment as well as the ideal distribution of the room air in your office, bedroom or living room. Thanks to the integrated battery, which can be easily charged via USB-C connection, the fan can be used flexibly without a cable and offers a wide range of application options. The fan is in Pistachio Green and blends skilfully into a wide variety of interior styles.
