

Recessed light Trio Lighting Zagros black round 5,5W 345lm 36° IP65 830

Product code 19551

The secret of TRIO recessed luminaires is: timeless.flexible.design-orientated. With the right recessed luminaires, stylish accents can be set and an atmospheric ambience created. ZAGROS recessed luminaires provide directional, accentuated and pleasantly natural light. Thanks to IP65 protection, the lights are protected against water jets and are therefore particularly suitable for wet rooms and outdoor areas. The recessed luminaires have a classic reflector look and are externally dimmable so that the brightness can be individually adjusted. The round ZAGROS recessed spotlight has a diameter of 85mm and requires a ceiling cut-out of 72mm and an installation depth of at least 68mm. No additional transformer is required for the installation and linking of several recessed lights. The ZAGROS single-leaf lights in matt black leave plenty of scope for combining with existing interiors and colours. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.

Correlated colour temperature	warm white 3000K
Luminous flux	345lumens
Brand	Trio Lighting
Output	5,5W
Lens angle	36°
CRI	80
Protection class	IP65
Length	85.0mm
Width	85.0mm
Height	54.0mm
Casing colour	black
Casing material	metal
Shape	round
Work environment	indoor use
