

Recessed light Trio Lighting Zagros white square 5,5W 345lm 36° IP65 830

Product code 19553

The secret of TRIO recessed luminaires is: timeless.flexible.design-orientated. With the right recessed luminaires, stylish accents can be set and an atmospheric ambience created. ZAGROS recessed luminaires provide directional, accentuated and pleasantly natural light. Thanks to IP65 protection, the lights are protected against water jets and are therefore particularly suitable for wet rooms and outdoor areas. The recessed luminaires have a classic reflector look and are externally dimmable so that the brightness can be individually adjusted. The square ZAGROS recessed spotlight has a size of 85 x 85mm and requires a ceiling cut-out of 72mm and an installation depth of at least 68mm. No additional transformer is required for the installation and linking of several recessed lights. The ZAGROS recessed lights in matt white leave plenty of scope for combining with existing interiors and colours. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
