

Floor lamp Trio Lighting Burton E27 & E14 black 230V E27

Product code 19714

The luminaires of the BURTON series with their textile shades are the epitome of cosiness. The homely light, which conjures up a cosy ambience thanks to the two different coloured shades, sets special lighting accents. The floor lamp, which finds its place next to the sofa or in the entrance area, can be operated flexibly via a switch. Two separate switches also allow both the main light source and the reading arm to be used separately. The modern combination of an inner white fabric shade and an outer transparent black plastic shade looks individual as well as refreshing and can be integrated into modern living styles in many ways. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
