

# MAYTONi

## **Rechargeable table lamp Maytoni AI Collaboration gold 3W 120lm CRI80 120° IP20 2200K, 3000K, 4000K 3CCT**

Product code 20039

I Collaboration is a project that opens new horizons for creative ideas. AI-based image generator programs create hundreds of images, most of which are not suitable to be used as prototypes for real products. However, an experienced designer can transform these unsuccessful attempts into unique creative ideas. One such collaboration resulted in the concept of a table luminaire. Initially, the AI created impractical images of luminaires, so a different approach was chosen. Based on the designer's prompt, the AI produced renderings of unusual glass vases, with their silhouettes becoming the foundation for the luminaire's design. This led to the creation of one of the world's first luminaires designed with the help of AI! The portable luminaire can stay on for up to 8 hours (charging cable included). Its stable, wide glass base can hold fresh flowers or even entire mini ecosystems. The luminaire can be disassembled for cleaning the vase. A convenient touch switch is located at the top of the diffuser. Four color options make it suitable for any interior. It's perfect for both homes and restaurants. A version of the luminaire features a thin metal stem.

Correlated colour temperature 3CCT 2200K, 3000K, 4000K

Luminous flux 120lumens

Warranty 3 years

Brand Maytoni

Output 3W

Lens angle 120°

Cri 80

Protection class IP20

Lifespan 50000h

Height 345.0mm

Diameter 120.0mm

Weight 750g

Package weight 980g

Casing colour gold

Casing material aluminium

Work environment indoor use
