Product code 20165

The WACO ceiling light rounds off your living concept in the truest sense of the word. The minimalist design is timeless and adds a touch of elegance and modernity to your kitchen or bedroom, for example. Using a DIP switch, the light colour can be adjusted from warm to neutral white via a switch directly on the luminaire. The light is also infinitely dimmable using an external trailing edge phase dimmer, which you can purchase separately from a specialist retailer. In the simple colour of white matte, as well as the combination of metal and acrylic, the lamp fits into almost any interior style. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
