

Rechargeable table lamp Trio Lighting Aruba white 1W 70lm IP44 RGB + 3000K RGBW warm

Product code 20456

Design and functionality come together in the modern ARUBA outdoor light. Place the table lamp flexibly in a position of your choice - without any cables. On the balcony, terrace or at a picnic - the light can be charged within 5 hours via the integrated rechargeable battery using the USB connection and then emit a pleasantly warm light for approx. 8 hours. This makes the seating area flexible not only in terms of light. The RGBW colour changer can also be controlled in stages using the switch. The table lamp has a height of 20.5 cm and a diameter of 13 cm. The light also has an IP44 protection rating and is ideal for outdoor use. Thanks to the white plastic design, the light is optimally reflected and the luminaire blends seamlessly into any outdoor area. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.
