

## Table lamp Trio Lighting Polo white 5W 550lm IP20 3000K, 4000K, 5000K 3CCT

Product code 20459

The POLO table lamp offers high flexibility combined with a modern and straightforward design. The luminaire neck provides optimum adjustment options so that the light can be positioned individually. There are two touch points on the base of the light that can be used to conveniently switch the light on and off, dim it 4 times and adjust the light colour in stages (3000/4000/5000 Kelvin). With a height of 41cm and a projection of 40cm, the table lamp is therefore ideal as modern and functional desk lighting. In timeless matt white, it is deliberately kept simple and blends easily into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
