

MAYTONI

Pendant lamp Maytoni Spirito white 12W 1600lm 120° IP20 830

Product code 20537

The designer has created an irresistibly captivating look for these table lamps, evoking the imagery of crystal balls used in séances. The mysterious world of spirits has fascinated people since the time of the Celtic Druids.

The Spirito series draws inspiration from the works of renowned spiritist Allan Kardec. The placement of the LED board in the base and the gradient tinting of the glass shade create a striking visual effect, making the shade appear to levitate. Single pendant models also create the illusion of levitation and work beautifully as standalone accents or as part of a layered arrangement with varying heights. Whether used alone or grouped, each piece contributes to a captivating spatial narrative. Spirito is a highly acclaimed series, honored with multiple international design awards, including repeated Platinum recognitions. Its legendary concept, boundary-pushing form, and technological ingenuity make it not just a lighting solution, but a centerpiece for contemporary interiors. The collection was inspired by the image of a glowing orb suspended above a table. A mystical symbol often associated with spirit séances, the crystal ball became the conceptual foundation for the shade's distinctive design. The levitation effect was first achieved in the table lamps through the innovative placement of the LED module within the base, directing light upward through a transparent body and reflecting it back down from the colored dome of the shade. The series includes table lamps in two sizes (full and compact), as well as single and horizontal pendant models. The color palette offers three versatile finishes -white, black, and gold.

Correlated colour temperature warm white 3000K
Luminous flux 1600lumens
Warranty 3 years
Brand Maytoni
Output 12W
Lens angle 120°
Cri 80
Protection class IP20
Lifespan 50000h
Width 260.0mm
Height 3395.0mm
Diameter 260.0mm
Weight 2.5 kg
Package weight 3.2 kg
In package 1pc
Casing colour white
Casing material metal + glass
Work environment indoor use
