

Mirror light Trio Lighting Enrico H2O LED + 2xGU10 chrome 230V 6,5W 620lm GU10 IP44 Dip Switch 2300K, 3000K, 4000K 3CCT

Product code 20782

The ENRICO wall light is the ideal choice for any modern bathroom. Its elegant, elongated design ensures even and pleasant lighting. In addition, two spotlights are attached to both sides of the main light to provide targeted lighting accents and optimum illumination. With an IP44 protection rating, the luminaire is optimally protected against splashing water and is therefore perfect for damp environments. An integrated switch makes it possible to control the main light source and the side spots separately, allowing you to flexibly adjust the lighting to your needs and preferences. The light colour can also be individually adjusted and the light has a practical memory function. The chrome finish emphasises the purity and precision of the design and adds a touch of luxury and durability to the bathroom. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Correlated colour temperature	3CCT 2300K, 3000K, 4000K
Luminous flux	620lumens
Brand	Trio Lighting
Supply voltage	230V
Dimmable	Dip Switch
Output	6,5W
Socket	GU10
Protection class	IP44
Length	60.0mm
Width	600.0mm
Height	180.0mm
Weight	1.4 kg
Package weight	1.5 kg
Casing colour	chrome
Casing material	aluminium
Work environment	indoor use
