MAYTONİ

Pendant lamp Maytoni Cosmo black 39W IP20 3000K warm white

Product code 20808

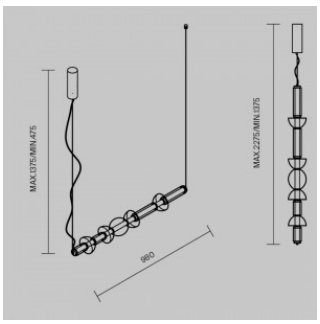

The Cosmo series lives up to its name with a bold, futuristic design. Featuring a chrome-colored metal frame, a knot-shaped decorative element, and round glass shades painted with fine metallic stripes, these luminaires evoke the aesthetics of spaceships and aircraft from science fiction.
Elongated glass lights with built-in LEDs provide both general illumination and striking decorative compositions, casting a cosmic glow. Crafted from transparent glass and metal in black or brass finishes, the models complement each other, allowing for creative combinations.
With a powerful 4800-lumen output and a 3000K color temperature, these luminaires are well-suited for general lighting. Their versatile double-mount design allows for both vertical and horizontal installation, making them ideal for unique lighting arrangements.

Correlated colour temperature	warm white 3000K
Brand	Maytoni
Output	39W
Protection class	IP20
Lifespan	50000h
Height	1375.0mm
Weight	1.7 kg
Package weight	2.3 kg
Casing colour	black
Casing material	metal + glass
Work environment	indoor use
