MAYTONİ

# Pendant lamp Maytoni Curve brass 31W 1600lm CRI80 120°

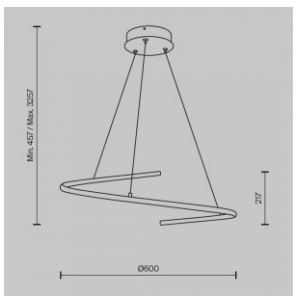

Product code 20849

The Curve series blurs the line between reality and fantasy, with its unique contours creating a dynamic moving light effect. Smooth, rounded lines and discreet cables evoke the illusion of weightless lights floating in the air. The minimalist design is enhanced by simple metal fittings, available in black and brass. This suspended composition serves as a striking accent in living rooms, bedrooms, HoReCa spaces, or above dining tables. Its understated design seamlessly fits various modern styles, from hi-tech and minimalism to loft and fusion. The silicone diffuser along the frame ensures bright, even illumination over large areas. The LED light source offers adjustable color temperature: choose from 2600K to 3500K for brass models and 3000K to 4000K for black models using the driver unit's switch.
