

Table lamp Trio Lighting Motion 12V 2,4W 5lm RGB + 2700K RGBW warm

Product code 20969

Water columns are absolute classics and a highlight among decorative lights! Create colourful lighting accents in your living room, bedroom or children's room. The MOTION water column is illuminated using built-in LED technology and, when switched on, creates a bubble that moves the decorative fish and decorative spheres inside. In addition, the RGB colour change creates varied lighting scenarios. When switched off, the water column takes on a simple appearance and can be combined in a variety of ways thanks to the titanium-coloured light base and the clear column. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Correlated colour temperature	RGBW warm RGB + 2700K
Luminous flux	5lumens
Warranty	5 years
Brand	Trio Lighting
Supply voltage	12V
Output	2,4W
Lifespan	10000h
Length	246.0mm
Width	246.0mm
Height	610.0mm
In package	1pc
Casing material	metal + plastic
Work environment	indoor use
Operation temperature	-20 +40°C
Certificates	CE, RoHS
