incl. 1x SMD, 18W · 1x 2000lm,
The PALERMO floodlight is the ideal light source for your study or cosy reading chair. Its soft light is emitted from the luminaire head into the surroundings and provides pleasant, uniform lighting. With the additional integrated reading arm, it offers a second light source that provides targeted support for reading or working. The floodlight can be dimmed to suit your requirements and offers infinitely variable adjustment of the light colour so that you can always create the perfect atmosphere. All functions can be conveniently controlled via the remote control so that you can easily adjust the brightness and colour without having to get up. The light impresses with its modern design in matt black metal, which provides an elegant accent in any room. Ideal for anyone who wants to combine functionality and style. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
