Product code 20975

SHANGHAI - a floor lamp that impresses with its eye-catching yet minimalist design. The arched shape of the luminaire is a particular eye-catcher. Thanks to its narrow body, however, it blends in perfectly with its surroundings. It does not need much space to impress. You can also set the desired light intensity using the practical foot dimmer. The colour white goes perfectly with a modern furnishing style and is also an ideal combination colour. In combination with coloured interiors, it brightens and enlivens the room. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
