Product code 21079

Wireless, flexible and smart - the MOURA wall light brings light exactly where it is needed! The integrated solar panel charges the battery during the day, providing sustainable lighting without a power connection. The adjustable light colour enables individual lighting moods, while the motion sensor switches the light on exactly when it is needed. Whether on the house façade or on the patio - MOURA sets stylish accents and ensures safety in outdoor areas. Made of matt black plastic, it impresses with its modern and unobtrusive design. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
