

## Wall light Trio Lighting Jordan 5W + 2W white 230V 750lm IP20 3000K warm white

Product code 21115

The JORDAN wall light has a modern design and is definitely an eye-catcher in your home. The light looks particularly good in your bedroom, for example. It is suitable as a reading light, but can also be used to conjure up a cosy atmosphere with indirect lighting, as the two light sources can be switched separately. The light has a diameter of 15 cm and a maximum projection of 12 cm. In matt white, it emphasises the modern style and can be combined wonderfully. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
