

Facade luminaire Trio Lighting Bogota white 6W 520lm IP54 3000K warm white

Product code 21951

As soon as the sun goes down, effective outdoor lighting is a must. The white BOGOTA wall light made of die-cast aluminium unfolds its full effect in the dark and can set decorative accents thanks to the different light emission patterns. Whether you install the luminaire on the façade of your house, your balcony or on the wall of your patio, the luminaire with up and down lighting is versatile thanks to its otherwise simple design. Technically, the light is suitable for outdoor use thanks to its IP54 protection rating and has a size of 9 x 9.8 cm and a projection of 10.5 cm. The two permanently installed LED bulbs each emit 3 watts and 260 lumens as well as a light colour of 3000 Kelvin.

Correlated colour temperature	warm white 3000K
