

Facade luminaire Trio Lighting Thames II anthracite 5W 520lm CRI80 IP54

Product code 21994

The modern THAMES II outdoor wall light impresses with beautiful lighting effects and conjures up great accents in outdoor areas thanks to the upward and downward light beams. Indoors, it is particularly effective as contemporary lighting for corridors and hallways or as a beautiful designer living room lamp. Regardless of the purpose for which you need your wall light, whether you are looking for LED outdoor wall lights for façade lighting in the entrance area, modern patio lights, directional path lights or indoor lights such as hallway lamps or living room lamps, the wall light fulfils all these requirements in every respect. The anthracite die-cast aluminium version can complement classic and modern style concepts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
