

LED strip Trio Lighting Chip 10,5W 750lm IP20 3000K-6500K 2CCT

Product code 22001

The CHIP strip light impresses with the many different ways in which it can be used. As a light accent on individual pieces of furniture or as indirect, glare-free lighting in the living room, the CHIP light strip gives the ambience a modern and cosy character. The CHIP LED strip can be shortened at the markings provided, making it ideal for personalising your living space. The light colour and brightness of the LEDs on the three-metre-long strip can be adjusted using the included remote control. The Stripe is kept in a plain black colour so that it blends unobtrusively into any furnishing style, especially when switched off. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
