

Pendant lamp Trio Lighting Soka 3 white 230V GU10

Product code 22044

The SOKA pendant light combines modern simplicity with fine design details. Its clearly structured surface with vertical grooves gives it an elegant texture. Three downward-hanging light sources create targeted decorative accents and bring a stylish atmosphere into the room - ideal above the dining table, a kitchen island or as a design highlight in open-plan living areas. Made of metal with a matt white surface, SOKA has a modern, bright and unobtrusive look and can be integrated into a variety of colour concepts - purist, but with character. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
