

Wall lamp Trio Lighting Fairfield white 9W 950lm IP20 switch dimmer 3000K warm white

Product code 22097

FAIRFIELD wall light - for a cosy flair around the bed! Its simple design and indirect light contribute to relaxation in the bedroom and provide cosy brightness, perfect for relaxing hours of reading in the evening. With its integrated inductive charging station, the light enables easy charging of compatible smartphones. Alternatively, it offers a USB and USB-C connection with charging option. Thanks to the FLEXconnect feature, the wall light is extremely versatile - it can be operated both via a switch and without a cable via the fixed connection. In this case, operation is via a conventional wall switch. The integrated SWITCH dimmer makes it possible to adjust the FAIRFIELD to three brightness levels (100 %, 50 % and 25 %) and adapt it to your needs. The simple design in matt white ensures that the light fits easily into any interior. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
