

Ceiling light–fan Trio Lighting Mora white 13W 1400lm IP20 2700K-6500K warm + cold white

Product code 22117

MORA is a real all-rounder: a stylish light and fan in one - perfect for anyone who loves functionality and design. The round light ring made of high-quality plastic floats cleanly and unobtrusively in the room and can be integrated in a variety of ways. The light and fan can be controlled independently of each other so that you can always create exactly the atmosphere you need. Thanks to the remote control, you have everything under control - the light colour is infinitely adjustable, as is the brightness, while the fan ensures the perfect breeze with 3 speed levels. With the timer function, MORA adapts to your rhythm. Modern, smart and incredibly practical - that's MORA! The whole thing comes in elegant white and high-quality plastic, which not only gives the light a simple elegance, but also makes it robust and easy to clean. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
