

Ceiling light–fan Trio Lighting Stralsund white 30W 3500lm IP20 2700K-6500K warm + cold white

Product code 22118

Our everyday life offers many different situations, each requiring different types of light and functions. The STRALSUND ceiling light with integrated fan is a perfect example of how functionality and design can harmonise and meet different everyday requirements. The included remote control allows you to control the fan, adjust the light settings and set the timer. The integrated fan has three speed settings and ensures ideal distribution of heated air in the cold season as well as cooling in summer. The light colour of the ceiling light can be adjusted in three stages or continuously from 3000-6500 Kelvin. The light also has an integrated dimmer and a night light function, which can also be controlled via the remote control if required. The timer can be programmed for an operating time of one, two or four hours. The white ceiling light with Starlight cover and titanium-coloured elements can be combined with many furnishing concepts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Correlated colour temperature	warm - cold white 2700K - 6500K
Luminous flux	3500lumens
Luminaire’s efficiency	117lm/W
Warranty	5 years
Brand	Trio Lighting
Output	30W
Maximum output	30W
Protection class	IP20
Lifespan	30000h
Height	165.0mm
Diameter	490.0mm
Weight	1.7 kg
Package weight	2.4 kg
Casing colour	white
Casing material	plastic
No. of switches	15000times
Work environment	indoor use
