

Spotlight Trio Lighting Taurus 2 x 5 W black 230V 10W 900lm IP20 830

Product code 22147

The spotlights in the TAURUS range offer a wide range of applications and skilfully set the scene in living spaces. The spotlights can be installed as recessed or surface-mounted luminaires as required and consist of two light sources, a main light and an outer light ring, which can be switched separately. When used as a recessed light, a ceiling cut-out of 170 mm is required. Whether in the hallway, living room or bedroom, the modern luminaire ensures optimum lighting conditions and individual lighting accents. The spotlight can also be swivelled and individually aligned. The simple matt black colour scheme makes it easy to integrate into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
