

Facade luminaire Trio Lighting Atrato rustic G53 IP44

Product code 22359

The ATRATO wall light combines classic design with reliable outdoor performance. With its striking, generous shape, it sets stylish accents on house façades, entrance areas or patios and provides light exactly where it is needed. The light is directed downwards, providing pleasant illumination, safe pathways and an inviting atmosphere in outdoor areas. Thanks to its IP44 protection rating, ATRATO is ideal for outdoor use and cuts a fine figure even in coastal areas with salty air. Another strong argument: a 10-year guarantee stands for quality, durability and an all-round good feeling. The luminaire is made of rust-coloured aluminium combined with white plastic, which underlines its classic character and gives it a robust, weatherproof appearance. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Brand	Trio Lighting
Socket	GX53
Protection class	IP44
Length	200.0mm
Width	260.0mm
Height	165.0mm
Casing colour	rustic
Casing material	aluminium
Work environment	outdoor use
