

Dome light Trio Lighting Umberto chrome 12W 1160lm IP44 830

Product code 22418

A characteristic ceiling light such as the UMBERTO adds dimension to small rooms and also attracts attention. Thanks to its high and central positioning, it also provides uniform ambient lighting. An additional highlight of the luminaire is its IP44 classification, which means that the luminaire is protected against splashing water. It is therefore particularly suitable for bathing the bathroom in the right light. The discreet chrome colouring makes it easy to integrate the light into existing interiors. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
