

Frame THPG Duroplast white

Product code 22500

System covering made of 2.5 mm thick Duroplast. This covering can be combined with all junction boxes, dimmers and special devices (thermostats, USB charging stations) from the Duroplast switch system and is intended as an external part of a multi-part installation. System coverings can be installed flush next to and below each other.

Switches, push-buttons and sockets only fit into the regular coverings. Round and square single coverings are also available.
- for mounting data sockets, telephone jacks, antenna sockets, temperature controls, USB charging stations, loudspeaker connections, dimmers and blind covers for the switch system Duroplast (not suitable for switches, push-buttons and sockets).
