

Switch THPG Porcelain rocker button white IP20

Product code 22506

Rocker button for the switch system Porcelain white with solid screw contacts. The central insert is made of transparent glazed porcelain, the rocker is made of colour-matched Duroplast and the base body is made of steatite, a proven ceramic material.

Rocker buttons are particularly suitable for operating bells and door openers, and in conjunction with a relay, they can also be used for stairwell lighting. Rocker buttons with corresponding symbols on the rocker are also available, as are luminescent models.
- Porcelain central insert, colour-matched Duroplast rocker, steatite base
- 10 A, AC 250V
- Rated power of the SBL circuit up to 10A = max. 100W
