

Ceiling light–fan Trio Lighting Volda white 30W 3500lm CRI80 IP20 DIMMABLE 2700K-6500K

Product code 22555

Natural warmth meets fresh lightness! The VOLDA ceiling light combines light, air and a warm wooden look to create a harmonious overall picture that immediately creates a cosy atmosphere. The natural design creates an inviting atmosphere for arriving, relaxing and lingering - perfect for living rooms and bedrooms with a feel-good character. The light colour and brightness can be conveniently adjusted independently of the fan by remote control and flexibly adapted to the mood or time of day. As soon as the fan blades fold out, the fan provides pleasant air circulation at six speed levels. Thanks to summer and winter operation, VOLDA supports the room climate all year round - cooling in summer and balancing in winter. The height of the light can also be adjusted, allowing it to be optimally adapted to the height of the room in question. The memory function remembers the last selected settings and automatically restores them when the light is switched on again. The design is rounded off by a bright, modern material combination of white plastic and white metal. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Luminous flux	3500lumens
Luminaire’s efficiency	117lm/W
Warranty	5 years
Brand	Trio Lighting
Dimmable	dimmerdatav
Output	30W
Maximum output	30W
CRI	80
Protection class	IP20
Lifespan	35000h
Height	420.0mm
Diameter	1050.0mm
Casing colour	white
Casing material	plastic
No. of switches	15000times
Work environment	indoor use
