

Dome light Trio Lighting Loody liikumis- ja hämaranduriga black 22W 2500lm IP20 830

Product code 22597

It can be difficult to reach the wall switch in corridors or stairwells, especially if you don't have your hands free. The LOODY wall and ceiling light offers a solution with its integrated motion sensor. This light switches on automatically when movement is detected in the vicinity and switches off again when no more movement is registered. It also has a twilight sensor that switches on automatically as it gets darker. If required, the function can be switched off using an integrated switch. The simple round design in white focusses entirely on its practical functions. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Correlated colour temperature	warm white 3000K
Luminous flux	2500lumens
Luminaire’s efficiency	114lm/W
Warranty	5 years
Brand	Trio Lighting
Output	22W
Maximum output	22W
CRI	80
Protection class	IP20
Lifespan	30000h
Height	70.0mm
Diameter	385.0mm
Casing colour	black
Casing material	plastic
No. of switches	15000times
