

Ceiling lamp Trio Lighting Wheeler white 2000lm IP20 4000K pure white

Product code 22604

The WHEELER light impresses with its minimalist, timeless design and versatile application options. Whether on the ceiling or on the wall - WHEELER adapts perfectly to any living situation and sets stylish accents. At the centre of the luminaire is a square surface with mirror-effect foil, which creates an impressive depth effect when switched on. The light is tastefully reflected in the mirrored surface, giving the impression that it is shining into the depths. This fascinating effect creates a special ambience in any room. The light is made of high-quality metal and has an elegant, matt black finish that blends harmoniously into a variety of interior styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
