

Switch THPG switch 2-way surface-mounted Bakelite black IP44

Product code 22641

or vertical layouts with outlet and rotary switch.
Two-part case and locking bolt made of Bakelite with a single lateral input; two lateral screw attachments facilitate wall mounting.
For mounting: The housing of the damp-proof series consists of two parts. The base assembly is mounted on the wall and the cables are routed through the cable entries and sealed tightly. The inner parts are mounted and wired into the base group and then the upper parts of the housing are put on and screwed. The switches and sockets are completely enclosed by the two housing parts and protected from moisture.
With spring clips.
Cable mounted on wall surface.

Brand	THPG
Output voltage	250V
Rated current	10mA
Protection class	IP44
Length	65.0mm
Width	97.0mm
Height	85.0mm
Weight	190 g
Casing colour	black
Casing material	bakelite
Work environment	indoor / outdoor use
