

Switch THPG Toggle switch intermediate Duroplast white IP20

Product code 22651

Toggle switch with durable brass switching mechanism and solid screw contacts. The central insert and the toggle lever are made of Duroplast and the base body is made of steatite, a proven ceramic material.

Here in the version as an intermediate switch. An intermediate switch is necessary if a lamp is to be switched from more than two places. 2-way switches are used to switch a lamp from up to two places.
