

Ceiling light–fan Trio Lighting Kurula white 37W 4300lm CRI80 IP44 2700K-6500K

Product code 22837

Clear shapes, fresh comfort! The KURULA ceiling fan impresses with its round, minimalist design, which is discreetly unobtrusive and functional at the same time. The generous, round light surface ensures uniform illumination and can be individually adjusted in terms of both brightness and light colour - from pleasantly warm to clear and activating. Integrated in the centre, the fan operates almost inconspicuously and reliably ensures a pleasant room climate. All functions can be conveniently controlled by remote control. The light and fan can be switched on and off independently of each other - as required. With six speed levels as well as summer and winter operation, KURULA offers the right air circulation for every season: cooling in summer and helping to distribute warm air in winter. The timer function rounds off the convenience and makes KURULA ideal for living rooms, bedrooms or the home office. Made of white plastic, the fan emphasises its modern, clear character and blends harmoniously into any living concept. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Luminous flux	4300lumens
Luminaire’s efficiency	116lm/W
Warranty	5 years
Brand	Trio Lighting
Output	37W
Maximum output	37W
CRI	80
Protection class	IP44
Lifespan	30000h
Height	420.0mm
Diameter	510.0mm
Weight	2.7 kg
Package weight	5.7 kg
Casing colour	white
Casing material	plastic
No. of switches	15000times
Work environment	indoor use
